ABOUT MADRID

Geographically located in the centre of Spain, the city of Madrid has had a long and vibrant history since its foundation at the end of the 9th century. Much of its rich cultural history can be attributed to the Reconquest of Spain by the Christians, a time during which Madrid passed from Muslim to Christian hands several times, giving the city a unique cultural vibe that still characterizes it today. The Spanish Constitution of 1978 confirmed Madrid as Spain’s capital city, which is currently home to roughly 3.2 million inhabitants.

Madrid is home to some fascinating landmarks, including the Templo de Debod, an authentic 2nd Century BC Egyptian temple in the middle of the city. While in Madrid, also take time to visit the Royal Palace, considered to be Madrid’s most beautiful building, walk down Gran Vía, Madrid’s most famous street, and see the Puerta de Alcalá, an iconic city gate.

CLIMATE
Spring is a lovely time to visit Madrid. In April, the temperature can usually reach daily highs ranging from 62°F to 67°F (16 to 19°C) with daily low temperatures ranging from 44°F to 48°F (6 to 8°C).

LANGUAGE
Spanish is the official language of Madrid while Catalan, Galician and Basque are frequently spoken in the relevant areas.
TRAVELING WITHIN MADRID

Upon arrival at Barajas Airport, there are several options for commuters seeking to get into the Madrid’s city centre. Visitors can choose between the following means of transport:

- **Aerocity** - This is a specialized taxi service which can be reserved in advance. The service will pick you up in a fully-equipped 7-seater van and deliver you comfortably to your destination (max of 3 stops along the way). Drivers sometimes speak English. Click [here](#) for more information.

- **AresMobile** - A chauffeur-driven meet-and-greet service which can be reserved in advance. Your chauffeur (can speak English or other specified language) will meet you in the arrival hall and transport you to your destination. This personalised chauffeur service can also be reserved for driving tours and excursions for an hourly rate. Click [here](#) for more information.

- **Bus (Airport Express)** - The Exprés Aeropuerto (Airport Express) is a 24-hour service which has only 3 stops after the airport: O’Donell, Plaza de Cibeles and Atocha (this last stop occurs only during the day between 6 AM and 11:30PM). The buses run every 15 minutes during the day and every 35 minutes at night, and the trip takes roughly 40 minutes. There are stops at terminals T1, T2 and T4. Tickets cost 5 euros and may be purchased on board.

- **Car Rental** - All the major car rental companies are available in Barajas airport (i.e. Hertz, Europcar, Avis, etc) all have offices between arrival halls 1 and 2 in Terminal 1. However, it is often cheaper to reserve your car rental before you arrive. Click [here](#) for cheap car hire in any location in Spain. Cost is variable.

- **Metro** - Madrid’s Barajas Airport has Metro stations in Terminal T2 and the newer Terminal T4. Trains leave every 5 minutes from 6AM to 2AM. Line 8 goes straight to the Nuevos Ministerios Metro station in the centre of Madrid – the trip takes only 12 minutes. Approx. cost: The price of a single journey to or from the airport is currently 5 euros, which includes a supplementary airport charge. If you already possess a valid Metro ticket, you can simply purchase the airport supplementary ticket which is 2 euros cheaper.

- **Taxi** [we have been notified of a change in the taxi fare, which has been revised in this edition of the Conference Announcement] - To grab a taxi, walk outside the airport terminal to the taxi ranks. From the airport to the hotel the cost is 30 euros flat. There is no need to tip unless the service provided is deemed exceptional.

Our partner SEPLA is proud to offer Delegates and their families a [special rate](#) on the Madrid Tourist Travel Pass, which allows you to travel on any public transportations (metro, bus and train). Reservations must be made online at blancas.neoexperience.es/IFALPA/en/madrid or [here](#).
